

Funding Application Information Sheet

General terms

1. The event is in the field of culture or science.
2. The event has a tangible reference to Austria conveyed in a presentation about contemporary art or a scientific topic enhancing a critical dialogue.

When it comes to projects conducted in the field of music the basic principle is that funding will solely be granted for projects featuring music of the 20th century and contemporary music. Only in exceptional cases funding will be granted for classical musical programs.

3. The event takes place in Japan.
4. The project / event does not violate applicable Austrian or Japanese laws. It is also not designed to disturb the friendly relations between Japan and Austria and does not go contrary to morality of both countries.
5. Grants are awarded according to the funds available. There is no individual claim for being funded. If no financial support can be granted, there is still the possibility of a request for nominal support.
6. Funding is primarily provided if the project could not be undertaken or carried out entirely without it.
7. In principle the ACF Tokyo can offer to take over travel, overnight, transport or printing costs after checking the respective project.
8. The grant request has to contain the following information:
 - a. Name of the Austrian participant(s) / participant(s) living in Austria
 - b. Date and venue of the event
 - c. Name of the Japanese organizer (confirmation or invitation)
 - d. Event description (max. 1x A4 page)
